ASSORTMENT  
2023  
2024**

**SARUNDS**

**SPECIALISTS IN FINE CONFECTIONERY**

**CHRISTMAS  
HALLOWEEN  
2023**

Dear Valued Customers,

On behalf of the entire Sarunds team, we welcome you to our latest combined General & Christmas brochure. As always, we are grateful to have your support.

Between these covers, we have collated over 2000 products to give you one of the widest chocolate and confectionery ranges available in the UK. We have worked tirelessly with manufacturers, old and new, to bring you products that will work on both your physical and virtual shelves. Our sole aim is to help give you that point of difference and give you the tools you need to thrive.

We have crammed almost 900 new products, and 18 new or newly returning manufacturers, that is over 40% of newness in the brochure! With over 500 products where either their price is the same or lower than last year and, quite rightly, we are extremely proud of the range we have put together and the sheer breadth of product available.

As always, the **General 2023/24 range**, found at the front of this brochure from page 3, contains everyday lines where you can call us today and where possible, we can deliver the stock to you the very next day giving you the real ability to order little and often. This will help you keep cash flow in your business and storage space to a minimum, while maximising your selling capabilities.

From page 134 you can find the **Halloween & Christmas 2023** range which you will need to pre-order as they are made fresh for the season. You are of course free to order general products at the same time as the seasonal pre-order items and tell us when you would like your seasonal delivery. For more information about order by dates and seasonal deliveries please check out the info on page 134, speak to your rep or call the office.

Our new Sarunds website has been an amazing success, with many customers giving us great feedback. You can browse the range, check your account details and place orders, all from the comfort of your laptop with a cup of tea, (or hot chocolate), at any time of the day or night. We also have an app for your smartphone to really give you the flexibility to deal with us as and when suits you. Please visit the [sarunds.co.uk](http://sarunds.co.uk) to find out more.

We hope you enjoy looking through the brochure as much as we have enjoyed the taste testing!

Kind regards,  
Peter, Bob, Laretta & Gary.

AYR  
PREPACKED

In 1984 Caroline, a direct descendant of Joseph Storrs Fry, saw an opportunity to combine her fine art training, love of design and a passion for chocolate to acquire a small chocolate business. She was trained by Colin Grant, a patisserie chef who learnt his chocolatier skills in Switzerland in a small village called Linden.

AYR  
LOOSE

Today Linden Lady is acknowledged as one of the UK's premium quality chocolate makers, still a family business, it produces an exquisite range of hand made prepacked and loose chocolates, pralines, truffles and fudges.

Seed and Bean was founded on three principles. 100% Organic, 100% Ethical and of course great tasting chocolate.

What sets Seed and Bean apart is their commitment to ethical and sustainable sourcing of their ingredients, including organic cocoa beans and Fairtrade practices. Their chocolate bars often incorporate unusual and exciting flavour combinations, such as Coconut & Raspberry, Lavender and Mandarin & Ginger, creating a flavour experience that is both delicious and memorable.

Seed and Bean also offers a range of vegan and dairy-free chocolate options, making their products accessible to a wide range of chocolate lovers. If you're looking for a delicious and ethical chocolate option away from the conventional brands then Seed & Bean is the bar for you.

We live and love variety. With our colourful range we offer your favourite chocolate with the best ingredients in every taste. With such a large selection, you'll have fun trying to find your absolute favourite.

Our chocolate squares are made from 100% certified sustainable cocoa and carry the Rainforest Alliance seal. We were the first sizeable German chocolate bar manufacturer to switch its entire cocoa range to certified sustainable cocoa. Since 2018, our entire product range contains cocoa from 100% certified sustainable sources according to Rainforest Alliance / UTZ Cocoa and Fairtrade programmes.

Our goal is to know where, how and by whom our cocoa is grown. To do this, we go beyond certification and build partnerships with farmers and cooperatives designed for long-term collaboration. We can only provide local support through targeted programmes when knowing about the source. Furthermore, we demonstrate on our own farm El Cacao that cocoa can also be grown under caring social and environmental conditions.

Above all, we want to make really good chocolate. That's what drives us.  
But it's most important how we achieve that: By doing the right thing.

The remote islands of the South Pacific and Oceania are part of what is known of as the “ring of fire” - encircled by 452 volcanoes.

This is where you will discover the Firetree, or cocoa tree, with its flame-hued pods.

The Firetree thrives on the rich, porous volcanic soil that is found on these islands. It's here and a few other places in the world like the volcanic island of Madagascar, where we source our cocoa from.

The cocoa beans are harvested by experienced local farmers and sent to the chocolate factory where the skilled craftsmen roast, grind and conche the mixture. This brings out the cocoa's sumptuous flavours, and helps create a rich volcanic chocolate that is not only vegan but allergen free, dairy free, Halal and Kosher compliant.

We buy from these farmers directly and by cutting out the middle man, the farmers get more for their hard work and quality. We pay a substantial premium above the market rate, giving our farmers the chance to provide for their families and commit to the high agricultural standards that makes for great cocoa.

The skill and the delicate flavours produced are what make our chocolate so distinctive. Each variation we create, only uses cocoa from a single estate or farm holding. This allows you to enjoy the distinct tastes and nuances of each chocolate in the same way you might enjoy a range of fine wines.

### BEHIND THE BRAND A statement from Hu

When we first realised we needed to “Get Back to Human,” we were in the same place a lot of people are today. We tried to live a “healthy” lifestyle — avoided junk food, exercised, read some labels — but we knew we could feel and perform better.

Inspired by Jordan’s extensive health and wellness readings and self-experiments and Jason’s successful battles with auto-immune disease, co-founders Jordan Brown, Jason Karp, and Jessica Karp wanted change. Jordan hung up his corporate suit and immersed himself in all things nutrition and food.

The trio experimented and researched the gut-brain connection, the causes of systemic inflammation, and the impact of certain foods and additives on our health, immunity, and performance. When all was said and done, the answer was pretty clear: replacing weird, industrial ingredients with simple, healthier ones was the key to thriving, not just surviving.

Motivated by their health and wellness learnings, they set out to create a food brand that brought to life their newfound passion and human-centric philosophy.

Hu's unique combination of on-trend benefits and attributes has allowed Hu to outperform other BFY brands and command a premium price.

Hu has a unique proposition in chocolate, which isn't currently available from any of the major brands in the UK.

# The Heritage brand

Since 1964 Buttermilk has been a family-run, Cornish-based confectionery company. Tracy and David have been at the helm for over 10 years, and have overseen major investment to grow the brand and business. Peek inside our kitchen and you'll find traditional copper pans bubbling away over open flames to make our award-winning indulgent treats.

Happy eating from the Buttermilk Family!

Contains only naturally occurring sugars from ingredients

Perleège grew out of a deep desire to innovate in the chocolate market to find an exceptional recipe that would associate the great taste of chocolate with the health need to be 'no sugar added'.

Perleège combine stevia and maltitol in an exceptionally good recipe with their dark chocolate containing 85% cocoa and milk chocolate 57%. A beautifully balanced chocolate to please all chocolate lovers.

The company was founded in 1921 by Albert Leslie Simpkin, on his return from World War One. His concept was to manufacture high quality glucose confections using, wherever possible, only natural flavours and colours.

Today, the company is run by the 3rd generation of the Simpkin Family, who keep the same ethos of high quality and innovation alive.

It couldn't be simpler.

Chose a colour, chose a width, send us what you would like written on the ribbon, it can be just words or a logo or both, send us your logo as a **jpg - minimum 300dpi**, and what colour you would like it printed in. We will get a proof over to you for approval.

Please allow 4 weeks minimum from approval to delivery of the bespoke ribbons.

CHRISTMAS  
PACKAGING

We at Sarunds have a genuine passion for loose chocolates - after all, that's how it all began for us over 30 years ago.

### Why buy your chocolates from us?

- **Range** - over 450 loose products sourced from a wide range of top quality chocolatiers and confectionery specialists in both the UK and across Europe.
- **Price v quality** - an unrivalled depth of product at a range of prices to suit all budgets.
- **Quality** - we are totally objective in our selection so if it doesn't taste good then it doesn't make it into the brochure.
- **Delivery** - we hold stock in our temperature controlled warehouse so delivery to you is quick.
- **Initial and ongoing support** - we can support you in your journey, from range selection, cabinet sourcing right through to packaging, display techniques and pricing.
- **Free training and set up** - we offer training for you and your staff in all aspects of maintaining the cabinet and the product along with showing you ways to pack and finish your gift boxes.
- **Display** - advice and help on how to make your display something you can be truly proud of and really enhance sales.
- **Creation** - we can offer ideas on how to use your cabinet to create product and gift packs from your loose chocolates that are unique to you and offer a real point of difference from your competitors.

Whether you are new to the loose chocolate arena or a seasoned retailer of quality chocolates, together we aim to make your offering the very best it can be.

Unlike most manufacturers who use Belgian chocolate couvertures, Lessiter's like to be a little different and use specially selected Swiss chocolate couvertures made for them.

They use only high quality ingredients in order to ensure the creation of cutting-edge chocolates and truffles. Master Chocolatiers creating superior Swiss chocolate since 1911.

CHRISTMAS  
PACKAGING

Confiserie Vandenbulcke NV was founded by Mr. André Vandenbulcke and Olga Vandewegee in 1949.

Today chocolatier Vandenbulcke is known in Belgium and abroad for both traditional and innovative chocolate products with the third generation of the family, (Jelle, Luk and Bert), leading the company together with the management.

Their present chocolatier Luk Vandenbulcke grew up among chocolate. His grandmother Olga Vandewegee and father preceded him as chocolatiers for Vandenbulcke. His goal is to make refined delicious pralines with chocolate of the highest quality!

Throughout the company, in different functions, the Vandenbulcke family remains very present. Because at Vandenbulcke, being a chocolatier is in their blood!

**Price** £14.95

In 1969 Salvatore Prisco and his wife Anna Rastiello began to produce and distribute sugared almonds by opening a small artisan company in Naples. Over the years the company has expanded, always maintaining care and attention to tradition in the production of sugared almonds.

The history of the Prisco family is a success story now in its third generation, in which development perfectly combines the past, present and future. The high quality of the ingredients, the taste of its products, and the continuous innovation remain distinctive features of this company.

Nb: Image is not a true representation of the selection

One of our many visits led us to Bostani, near Liege, who produce their own couverture 'Sablon' in-house, they make their own couverture to allow them to make high quality finished chocolates, truffles and bars.

We were blown away by the taste and now, after some serious joint product development with Bostani, we are proud to announce that we have been appointed their exclusive UK distributor. Sablon is a very high-quality couverture for the discerning chef looking to elevate their creations or for a home cook looking to add a touch of decadence to their baking. It is also a single origin couverture, made solely from Ghanaian cocoa beans and is both Rain Forest Alliance and Kosher certified.

We believe these three couvertures are really special; a silky smooth milk chocolate, an intense dark chocolate with minimal bitterness and a white chocolate full of creamy vanilla.
